Tripoli port occupies most of the concerns of politicians and economists - What happens after the resignation of President and the delegation of the minister end the outstanding issues??

In the nineteenth anniversary of the assassination of President Rene Moawad in November 22, 1989

Michel Moawad told by the father and the memories of Deputy Minister and the President in the most difficult stage

> Did not give up the basic elements and was keen to uphold the legitimacy and the Taif Agreement

Attorney Michel Moawad

> Rene Moawad first martyrs March 14 and warns of Alirtme in international and regional hubs were planning to hold a dialogue with Michel Mouawad on the occasion of the ninth session of the assassination of President Rene Mouawad to expand in the immediate issues and alliances, elections and the Lebanese political situation in general, but the memories of a father and Attorney

Minister and President Rene Moawad was of additional and complex, and can say that it was a conscious reading and read by Michel your era, which deals with the mandate of President Moawad not exceed 18 days

This has been evident since the comprehensive presentation, we raised the question "for his memoirs about his father, Michel Moawad UNDCP to say:

Father Rene Moawad

Three major milestones could be shortened from My Father Rene Moawad personal and political, it was recognition of the parents around him to deal with everyone in politics also was a reference to them and assuring them create a semblance of stability and protective umbrella sponsor, the Houdna those who resort to it, and was a I reference reassuring despite concern in public life

The second point, insisting that he was not send me to his world before the political study, the most successful, rely on loose personal responsibility and I am without him and the imposition of hegemony view, has left me a large area of freedom

Third, which summarizes the Rene Moawad is the ability to combine public and political responsibilities, family, which grow with time, with attention to the smallest details in the affairs of his family

He adds: for example, tell the last time I saw him in November 4, 1989 in Paris before traveling to Lebanon and I have returned from Lebanon after study leave from France for the follow-up study of baccalaureate, and spoke with told me that he will be elected president of the republic, adding: <ll in serious and if something happened to me I want you to pay the family the time you need a textbook forgotten Lebanon and the father I wished I believe this book

The next day he was elected at the airport Qlei'at called me and told me that I will send you a book with a person leaving for Paris to

Arabic Keyboard

imagine that at the moment of his election was still a little book

These three aspects are personal qualities of ethics and Rene Mouawad and his emotions

Political convictions

What about the personal political Rene Moawad, was how Michel Mouawad described?

- We have identified Rene Mouawad and political beliefs after his death, where I had not previously linked Avalmh strong political personality has gathered political milestones in the next few years his life

I wanted to discover myself Rene Moawad was because I did not understand why or absorbed murdered this man, who declined to set up militias were stained with blood on his hands, and throughout his political career with the legitimate institutions, did not have adversaries, but had the ability to communicate even with those who Differs with the opinion I did not understand at this moment why have all these advantages to assassinate him, and invited me to this discovery of a new

His parliamentary and ministerial

How summarizes the parameters of Rene Moawad's political career parliamentary and ministerial?

- There must first be noted that the Rene Moawad was not elected President of the Republic of coincidence of harmony and reconciliation, legitimacy and sovereignty, but let me say, it was the few politicians who Akpthm political persuasions consistently since the beginning of their political life

It has been difficult stations Rene Moawad in his political life was able to overcome calm, wisdom and knowledge since it was elected deputy for the first time in 1958 until his election as President of the Republic in 89 and has not given up on these principles and convictions, the revolution in the stations (at the Camille Chamoun) and the massacre of 58 Maziarp, and the Covenant Shihabi, civil war and the emergence of militias and ethnic wars, and wars within the communities

Experiences and aspirations

What are the most prominent of these convictions and attitudes which outlines the political process Rene Moawad?

- Rene Moawad did not inherit the political leadership, it was his father's administration in Zaghrata man, and his grandfather played an important role in the face of the Turkish occupation and almost Martyrs of May 6, the whole Al Moawad was known culture, science and scattered political affiliations, who are mostly sympathetic with the leadership of House Astfan

In this atmosphere Alliance Rene Moawad in launching his political career with Hamid Franjeh, and it is why a political alliance with his days in the last answer was that, no, Hamid Franjeh, a Christian-oriented sovereign Urubi, and this conviction formed at the Rene Moawad since the beginning of his political life

As for his experience in the Covenant Shihabi can draw the conclusion that three things

The first thing the concept of attachment to Lebanon and rejection of foreign intervention, and at the same time to ensure that Arab belonging to Lebanon, as outlined in a meeting with President Shehab President Abdel Nasser, which inspired Rene Mouawad of Lebanon the importance of the relationship with the Arab world while maintaining its sovereignty

The second is convinced Rene Moawad strong state fair, and emphasizes that if the state did not reach all areas, developmental and security relationship is weakening people of this state and the regions since his election as Vice enter political life in Zagharta concept of development as part of the concept of political legitimacy

For example, Galatasaray Zagharta scheduled to be outside Zagarta, but believed that Rene Moawad in the neighborhood who asked a palace where poor families in mixed and tense between insisted popularized in this district and to give compensation to its high for new housing Vazdahrt that region, with good acting After consideration

It is known that of Rene Moawad was introduced to schools and roads Zagharta Faalanme was a key part of the basis of its composition and thought-Shihabi

Third is his belief in coexistence among the Lebanese on the logic of the state guarantors of the living, which clearly shows his political life in Northern and good relations and the relationship of Zagharta with Tripoli on the one hand and memorable relationship with the late Rashid Karami, which strengthened over the 40 years since the first Covenant Shihabi even death Karami , And Rene Moawad in the Permanent Government Minister Rashid Karami

Rene Moawad-esteem was a large army, and demonstrated the basic elements and then deputy minister despite the emergence of militias, the Covenant and privileges of the warlords, and has remained on this conviction, whether pro or against, and the reform slogan but actually practiced, I challenge those who say that Rene Moawad seen its ranks to power Although the influence of the great days of the Covenant Shihabi

Why Rene Moawad was assassinated?

Do you believe that these principles and convictions had led to the assassination of Rene Mouawad?

- When Rene Mouawad was elected as representative of the draft name <Taif Agreement> was without a doubt, this project reflects his personality and his convictions and

Rene Mouawad was elected President of the Republic without the Republic, and the existence of two governments and guerrilla forces is the reality of the dozens, and was, during the 17 days after his election in the race to dedicate the foundations of the Republic believe, and opponents who do not want the state has faced during this period Three positions:

First: a regional hub rejection of the Taif Agreement clearly, especially Iran, which expressed the rejection <Hezbollah>

Second: Saddam Hussein's Iraq

III: Palestinians, all of them are caused by the position of Taif and the establishment of the Republic

If there is another focus of a regional satisfied with the Taif Agreement which is nominally Syria, and effectively against the application of this agreement

Rene Mouawad was elected president of Lebanon and the Israeli occupation and Syrian presence in the military, and met with his Lebanese consensus Michel Aoun rejected the agreement, which was allied with Saddam Hussein, or it adheres to its legitimacy internally, even after the election of President Rene Mouawad

Rene Moawad was a draft reconciliation, which he said, does not exclude anyone and is a national unity government with the agreement backed by Arab and international levels, to address the issue of the Israeli occupation and Syrian presence, and therefore

relies on Arab support and the big powers so that the implementation of resolution 425

Rene Moawad was interested in the extension of State authority and legitimacy in the Lebanese territory, and hoped Arab support for the reconstruction of Lebanon, has been in contact with King Fahd to support Lebanon at 6 billion dollars

We have faced Rene Moawad regional project, which was trying to disrupt the State and enterprises, faced Michel Aoun refuses to hand over power

I believe that failing to deliver aid Baabda Palace, the climate created by Altkhuyni help carry the political responsibility for the assassination of Rene Mouawad he left without effective protection, which facilitated the assassination of the logistical

Rene Mouawad is Syrian intransigence, which was approved - implicitly - the Taif agreement of the Lebanese, Arab, and he wants an agreement leading to Syria's tutelage over Lebanon

What faced during his presidency?

Rene Moawad how he was able to absorb these hectic atmosphere shortly after his election as President of the Republic?

- Then the main stations meeting with Syrian Foreign Minister Abdel-Halim Khaddam and the controversy that has emerged on three major points are:

1 - Trying to impose Khaddam and the names of ministry Mouawad rejected this interference and reaffirmed that it would be a government of national unity has also been agreed with us

2 - Trying to persuade Syria to help Rene Moawad access to the Baabda Palace by force, and Rene Moawad was of the view the importance of dialogue with Aoun and that does not accept that Syrian intervention Venice to the eastern regions

3 - Rene Moawad request of the Syrian initiative to withdraw from areas in the north and Christianity in particular human and Koura and Batroun show of good faith negotiations to facilitate their dialogue with the General Aoun, and of course the Syrian vision was quite different

I refer to it if it had not been for the Mouawad assassination is in exile Michel Aoun and Samir Geagea arrest, in the Trusteeship System, putting his hands on the rail of Lebanon and we all paid the price in Lebanon and the result has led to the assassination of the martyr President Rafik Hariri and martyrs of Cedar Revolution 2005

This is a lesson for us to hold the draft Whatever our differences, because when we enter the regional hubs This game does not protect the game and not one of us who benefit from these forces but is Tstkhaddmna

The Lebanese are invited to neutralize the Lebanon conflict axes, and nation-building and sovereignty over all Lebanese territory with a commitment to Arab issues, but not just convert to the conflict only in the Arab world, and these are the parameters of Rene Mouawad

I imagine that sense it was the first martyr of the March 14 letter Rene Moawad

Murals took the call to celebrate the anniversary words <history is not revoked the decision> why you chose these words?

- It's a paragraph from his face to the Lebanese in the Nov. 21 the eve of Independence Day and on the eve of his assassination, in which he addresses the Lebanese:

<History does not revoked the decision, will remain on November 22 Independence Day, the anniversary of the Snholh Eid, faith, love, cooperation, solidarity erase grief, despair prevail, restore the privilege of being a single identity for the same land, my question to you from the heart to heart, you Love this country? I know the answer, then let us unite and build a happy live together, lived Lebanon>

Where is investigating the assassination of Rene Mouawad?

- Allathakiq you mean!
